Office of the Conservator of Forests in Mysore.

Dated, Bangalore,... .....25th January 1915.

The Offg. Conservator of Forests in Mysore.

The Secretary to Government,

Departments of Education and Agriculture,

BANGALORE.

Sir,

Referring to your letter No. 2295-2316/ Edn 4-14-17 dated the 20th Instant, I have the honour to state that the number of scholarships available every year is not fixed. It depends upon the number of anticipated vacancies in any year and is tenable either in the Forest College at Dehra Dun or in the Coimbatore Forest College or in both according to the nature of the anticipated vacancies whether in the Controlling or Executive Staff. We have trained three of our Officers in England under -- special sanction of Government obtained in each case, but these scholarships are not generally available as a matter of course. The scholarships hitherto have been invariably met from Government funds except in the case of Mr. H. S. Narayana Rao, Probationary Assistant Conservator of Forests, who held a Damodardass scholarship while in England. For the Forest scholarships tenable in the Forest College at -- Dehra Dun, brilliant graduates who are generally natives of Mysore are preferred but this high qualification is not ---- insisted upon in the case of students deputed to Coimbatore.

It is enough if they have passed the Intermediate Examination or the Matriculation Examination of any Indian University. Beyond the above, no other restrictions are imposed.

2. A full list of the present holders of scholar-ships with particulars as to the duration of the course of studies and the Government Orders sanctioning them, together with copies thereof are submitted herewith as desired.

Correspondence ending with letter No. 4293 dated the 15th October 1913 from the Conservator of Forests in --- Mysore submitting for orders, copies of correspondence between him and the Principal of the Madras Forest College, Coimbatore, in the matter of increasing the amount of scholarship already sanctioned for the 3 Mysore students deputed to study in the said college.

Order thereon No. R 3564-5 / Ft 30-13-5

Dated Bangalore, 13th November 1913.

In accordance with the College Rules, Government sanctioned in their order No.R 3283-4/ Ft 57-12-4 dated 12th December 1912, the grant to each student of a scholarship of Rs 30/- per mensem for a course of 21 months and an advance of Rs 140/- should be recovered for intital expenses, besides railway fare to and from Coimbatore and directed that a moiety of Rs 140/- should be recovered in monthly instalments from the scholarship.

2. The Principal of the College is now of the opinion that, as the monthly stipend already sanctioned is insufficient to meet the expenses of a student owing to the prevailing high prices, he should receive a stipend of not less than Rs 35/- per mensem exclusive of the travelling allowances. The Conservator therefore recommends that the recovery of Rs 70/- from each student as directed in the Government Order referred to -- may be waived and that an additional sum of Rs 5/- per mensem may be allowed to each student so that the monthly stipend may be increased to Rs 35/- inclusive of the travelling allowance of Rs. 5/- deducted by the College authorities.

3. The recommendation of the Conservator which involves an additional expenditure of Rs 525/- as detailed in margin,

Rs 70 X 3 = Rs 210. Rs 5 X 3 X 21 = 315 Total Rs 525	is sanctioned, the

amount being met by reappropriation from the sanctioned grants.

Subjects for which scholarships are awarded.

With reference to a statement of scholarships awarded by the Committee, I beg to state that since the establishment of the Committee, scholarships are being awarded for horticulture and sericulture.

Amount of scholarship per month and places where they are tenable and the duration of the course.

2. For horticulture the scholarship is Rs.12/- per month for each student and the course extends to about 2 years: and the training is confined to the Lal Bagh Bagh and the Sunkal Farm attached to it.

3. For sericulture the students selected get Rs.8/- per month for the first three months and Rs.10/- subsequently and finally after they pass an examination specially held by the Committee at the Tata's Farm they are given Rs.12/- a month if posted for work to Chennapatna or outside stations. But as recommended by Signor Mari, the twelve rupees scholarship will cease with the present batch of students and with the creation of the class of Sub Assistant Inspectors on Rs.15/- per mensem.

4. The sericultural course extended from one year to 18 months before Signor Mari's arrival according to the time taken by the students to learn the four branches taught at the Tata's

Farm, Viz., cultivation of mulberry, rearing of worms, reeling of silk and weaving of silk and mixed fabrics. Subsequent to Signor Mari's arrival the period was further extended for further training at the Chennapatna Farm and other outstations like Kolar and Chikmagalur.

Examinations held.

5. In horticulture one examination was held in the month of March 1914 and in sericulture two examinations have been held one in December 1912 and another in January 1914 and the results have been published in the Mysore Gazette.

No. of scholarships available annually.

6. The number of scholarships available every year is not fixed and varies from year to year according to the money sanctioned in the budget for the purpose, the recommendation of the Deputy Commissioners of the Districts and the opinion of the officers in charge of the student under training.

The following statement shows the number of scholarships sanctioned by the Committee till now.

Restrictions imposed, etc.

9. Generally, the sericultural scholarships were first awarded only to students coming from the four sericultural Districts of Bangalore, Kolar, Tumkur and Mysore. Subsequently on the recommendation of Deputy Commissioners of Districts they were extended to sons of ryots in the Districts of Hassan, Shimoga and Kadur. The horticultural scholarships were thrown open to sons of ryots in all the 8 Districts.

In the case of scholarships for sericulture, a knowledge of English and Kannada was generally insisted upon, but students ignorant of English and knowing only Kannada or Hindustani were admitted. For horticulture, literary qualifications generally higher than those fixed for sericulture were demanded and recently on the representation of the Economic Botanist that students not well acquainted with the English language could not follow the lectures delivered in English and take notes, a good knowledge of English was insisted upon.

The students recommended by the Deputy Commissioners of Districts were sent to Mr.Krumbiegel and the final selection was left to him after personal examination of the candidates in regard to their capacities, physique, etc.

One condition invariably insisted upon by the Committee was that the students should be sons of ryots or landholders, should have lands of their own and should take up the profession of horticulture or sericulture after their period of training is over without looking forward to Government employment. The first selection of students is left to the Deputy Commissioners of Districts and the final selection to Mr. Krumbiegel in the case of horticulture and to the Secretary to the Committee and the Experts in sericulture.

Communities from which drawn.

10. So far, the students have been drawn from all castes and communities like Brahmins, Lingayats, Vokkaligars, Mohamedars and Christians.

Government Order instituting or recognising the scholarship.

11. There is no such Government Order. The scholarships are awarded and continued from year to year on the Committee's own responsibility and in fact established by the Committee in the year 1911-12.

Future of candidates.

12. Most of the brilliant students in sericulture have been absorbed in the service of the Committee and for some years ø longer there will be full scope for their employment if the present policy of the development of sericulture is continued.

In the case of horticulture, of the 10 students who passed in the examination, more than half the number have already obtained suitable employments in the Palace, under Sirdar Kantaraja Urs and under Mr.Krumbiegel.

I know an instance of an influential Vakil landlord of Bowringpet desirous of employing a passed horticultural student and of none of the students being willing to take up the appointment.

Full list of present holders of scholarship.

READ:--

Letter No.850 dated 12th January 1915 from the Muzrai Superintendent and President of the Ayurvedic College Committee:--

"I have the honor to submit herewith extract from the Proceedings of the Committee for the management of the Ayurvedic College in Mysore, recommending that three of the successful students in the Ayurvedic Vidvat Examination may be sent to Calcutta to study practical work under well known Kavirajas. The students have also petitioned praying for an apportunity being given to them for a post graduate course."

2. "I desired the Head Master of the Ayurvedic College to place himself in communication with well known exponents of the Ayurvedic system at Calcutta and the report of the Head Master with its enclosures is submitted herewith in original for reference. The Head Master is of opinion that one year's practical training will quite do and that the students should be given a scholarship of Rs.30/- with actual expenses for going and returning."

3. "The College Committee recommend that three scholarships tenable for six months may be granted. It appears to me that the period fixed is much too short for any real benefit. I would therefore recommend that the period may be extended to one year and that the amount may be fixed at Rs.25/- a month with a single intermediate fare both ways. The three scholarship holders may be chosen in the order of merit at the last Vidvat Examination and sent one each to the three Kavirajas who have kindly consented to take them for a post-graduate course, viz.,

Messers. Gananath Sen, M.A., L.M.S., Jogindranath Sen, M.A., and Nalani Kanta Sen, M.A.,

4. "The cost of the scheme is worked out in the margin. Taking that the scholarships will be payable from the beginning of next month the expenditure during the remaining months of the current year will be Rs.475/-."

Dated Bangalore 17th February 1915.

The Muzrai Superintendent's recommendation is sanctioned.

2. The cost of the journey to Calcutta and the scholarship payable during the remaining months of the current official year should be met from the savings in the budget allotment of the College, due provision being made in the next year's budget for the remaining period and the return journey.

Letter No.5876/473 dated the 9th February 1907 from the Officiating Inspector General of Education in Mysore regarding the institution of four scholarships of the value of Rs.2/- each per mensem in each of the II and III classes of Vernacular schools to be awarded to the students of backward classes such as Lambanis, Bogaris etc.

---ooOoo---

I have the honour to state that by order No.10952/Ed.389 of the 20th February 1901, Government have been pleased to sanction 50 scholarships of Rs.2/-each tenable in the IV and V forms of Vernacular Schools, and to recommend for the reasons stated and increase of Rs.16/- a month in the scholarship amount.

2. The scholarships referred to above are intended only for the Higher forms and there are a number of indigent and deserving students in the lower forms for whom no scholarships are provided-- especially students belonging to the backward classes, such as the Lambanies and Begaris who are too poor to pay for the education of their children and among whom, consequently education has made little or no progress at all. Boys belonging to backward classes rarely reach the higher forms to be eligible for the vernacular scholarships given to the IV and V forms.

3. In the interests of the educational progress of the children of these depressed classes and as an inducement for them to devote greater attention to their education it is very desirable that some concessions should be shown, similar to those of Mahomedan students, by way of granting a few -

few scholarships, exclusivoly for the benefit of these poor and backward communities.

4. There are more than a dozen schools in the State for Lambanies and Begaries with a total strength of over 260, and it is expected that if a few scholarships be sanctioned the strength of these schools will rise materially and that there will be greater eagerness onthe part of the students for school education.

5. I have therefore the honour to request that Government may be pleased to increase the amount of the Vernacular scholarships by As.16 a month or As.192/-a year, so as to make allowance for 4 cholarships for Lambani and Begari students in each of the classes II and III of vernacular schools, and order the inclusion of the additional amount in the education budget for 1907-08.

Order thereon No.9505-6/Ed.300-08-2 Dated, Bangalore the 13th April 1907.

Letter No.13738/708 dated 24th April 1914, from the Inspector General of Education in Mysore, stating that the education imparted in almost all the village schools in the State being of the primary standard, all the boys with the exception of the children of a few rich parents are obliged to discontinue their studies after they go through the primary standard and requesting, therefore, sanction for a provision of Rs.6,000 being made in the Village School Fund Budget for 1914-15 for 50 - scholarships of Rs.5/-each per mensem tenable for two years in the vernacular standards IV and V to such of the intelligent pupils as are desirous of prosecuting further studies in Taluk stations, the charge being treated as a grant from State funds to the Village School fund.

Order thereon No.409-10Edn.393-13-2

Date: Bangalore 10th July 1914.

The proposal of the Inspector General is sanctioned with the observation that every effort should be made to see that really deserving boys of promise, who will be otherwise unable to further prosecute their studies, should be selected for the scholarships. The Inspector General will submit, for the approval of Government, the rules under which these scholarships will be awarded. As far as possible, the pupils should be selected from the agricultural and other classes who do not usually resort to higher education.

2. A provision of Rs.6,000 for the purpose will be included in the Village School Fund Budget for 1914-15, the necessary contribution

from the State Fund to the Village School Fun being effected by re-appropriation from the sanctioned grants in the Education Budget for 1914-15.

Government Proceedings No.1947-Ed. F. 13-96, dated 11th August 1899, calling for the views and suggestions of the Inspector General of Education in Mysore, with a view to enlarge the scheme of scholarships proposed by him in his letter No.10482-386, dated 27th June 1899, for Mahomedans and other backward classes, including 1 Panchama, 2 Bedars, 3 Lumbanis, 4 Woddars, 5 Korachas, 6 Koramas, 7 Naindas.

II. Letter No.6387-278, dated 25th January 1901, from the Inspector General of Education, on the same subject.

With reference to Order No.1947-Ed. F. 13-96, dated 11th August 1899, I have the honour to recommend that along with the 25 close scholarships for the use of Mahomedans and the backward classes alone, which were proposed in my letter No.10482-386, dated 27th June 1899, there may be 25 scholarships of the value of Rs.2 in each of the IV and V Vernacular classes open to all classes other than Mahomedans or backward classes. To restrict these additional scholarships to agriculturists, artisans and labourers will create difficulties in as much as these professions or occupations are not mutually exclusive, nor can all members of each of these professions or occupations be said to be too poor to pay the small fees now charged in the Vernacular Schools. According to the last Census Report the total population connected with agriculture in some way is 3,292,897 or 67 per cent of the population ~~connected with agriculture in~~ of the State. I would therefore have 25 scholarships exclusively for Mahomedans and the backward classes as defined in my letter referred to above, and a similar number open to all other classes

distributed by districts as follows:--

District.	Population	Number of open scholarships.
Bangalore - -	702,913	4
Chitaldrug - -	413,984	2
Tumkur - --	580,786	3
Kolar - -	391,030	3
Mysore - -	1,181,814	6
Hassan - -	514,952	2
Kadur - -	230,063	2
Shimoga - -	527,981	3
		25

The scholarships should be given to those who have passed the Vernacular standard with distinction but who on account of - poverty are not able to prosecute their studies up to the standard of the Lower Secondary Examination. The scholarships will be tenable for two years after passing the III Vernacular standard, subject to the usual conditions of regular attendance, good conduct and satisfactory progress. The scholars of each district for the ensuing year will be selected in the month of December by the District Deputy Inspector and sanctioned by the Inspector General, the bills for the scholarships will be drawn up by the Head masters of the schools which the scholars attend, and after they are counter-signed by the Deputy Inspector, will be paid at the nearest Taluk Treasury. I would add that the scholarships open only to Mahomedans and the backward classes should not be awarded to pupils above the age of 12, and those open to all other classes should not be awarded to pupils above the age of 10. The cost of all the 109 scholarships viz., Rs.2,400 a year, I would recommend, may be met from the State Funds.

No.10952-53--Ed.389, dated Bangalore, 20th February 1901.

Order thereon-- Government decline to recognize any distinction between Mahomedans and the other specified backward - classes and all other classes such as agriculturists and artisans and, labourers in indigent circumstances, and are pleased to lay down that the proposed scholarships of the value of Rs.2 each be open alike to all classes of students in the IV and V Forms of Vernacular Schools. Fifty such scholarships are sanctioned. These may be granted gradually as funds become available from the Village School Fund instead of from the State Fund as recommended by the Inspector General.

Government Order No.891-2/Edn.39-10-1 dated 26th July 1910 sanctioning the grant of four scholarships every year to students from the Mysore Colleges proceeding to the B.A. Honours Course outside the State.

Order thereon No.7846-7/Edn.122-16-3

Dated, Bangalore 25th April 1912.

At the discussions in the Dasara Representative Assembly of 1911, it was represented that the number of scholarships sanctioned in the GovernmentOrder read above was insufficient to meet the requirements of students from the colleges of the State taking up the B.A. Honours Course and that therefore two scholarships may be sanctioned for each optional subject of the said course. The Government have considered the matter and are of opinion that the number of scholarships should be increased. They are accordingly pleased to sanction two additional scholarships, the number to be granted every year being thus increased from four to six.

No.891-2--Edn.39-10-1, Dated Bangalore, 26th July 1910.

Order.--The new Regulations of the Madras University provide for two courses of study after the Intermediate Examination, viz., the B.A. Course and the B.A. "Honours" Course. For the present, arrangements have been made for teaching only for the B.A. Course in the State Colleges. Government consider that, as long as the "Honours" Course is not provided for in the State Colleges, it is necessary to encourage the higher course of study by granting a few scholarships to deserving young men to prosecute such study in one of the Colleges outside the State, where such a course is provided for. The Government are accordingly pleased to sanction the grant of six scholarships annually under the following conditions:--

(1) The value of the scholarships will be Rs.25 each per mensem and they will be tenable for three years in the B.A. "Honours" classes.

(2) Candidates for the scholarships should have passed the Intermediate Examination in the first class from one of the State Colleges, or in the absence of such candidates one or more scholarships may be awarded to those who are specially recommended by the Principals of these Colleges as fit to study for this course.

(3) The scholarships will be awarded as a mark of distinction independently of the pecuniary circumstances of the candidates.

2. The maximum expenditure involved in the above scheme is Rs.3,600 per annum and the necessary provision will be included in the Education State Fund budget for 1911-12, as the

as the B.A. Courses under the new Regulations commence in July 1911.

Letter No.11353-735 dated the 10th June 1909, from the Inspector-General of Education in Mysore, suggesting certain rules for the grant of scholarships to Mahomedan students in the Mahomedan Anglo-Oriental College at Aligarh.

2. Subsequent correspondence on the subject ending with letter No.3765-255, dated the 8th October 1909, from the same officer.

No.9816-7--Edn.473-08-4, dated Bangalore, 29th April 191

Order thereon.-- Government have been awarding scholarships to deserving Mahomedan students to enable them to prosecute their studies in the Mahomedan Anglo-Oriental College at Aligarh and at present there are seven such scholarships held in that College. There are, however, no definite rules for the grant of these scholarships and each case has hitherto been dealt with on its merits. The Inspector-General of Education in Mysore, in suggesting certain rules for the grant of these scholarships, stated that there are ample facilities for acquiring High School and Collegiate education at a low cost within the State and that except for the advantages of a residential life and the training of character which such life often secures, the Mysore State Schools and Colleges are in no way inferior to the Aligarh College. Government consider that these two advantages are valuable and important and are of opinion that some scholarships should be made available for Mahomedan boys in the Aligarh College. Such scholarships will accordingly be granted

under the following rules:--

(1) The total number of scholarships tenable at any time shall be fixed at seven.

(2) The value of these scholarships will ordinarily be Rs.25 each per mensem.

(3) They will be awarded to sons of respectable Mahomedans whose ancestors have rendered good service to the State or who are highly esteemed in their community for good reasons.

(4) Candidates for these scholarships should have at least reached the 7 Form of any of the High Schools of the State and must produce certificates of good conduct and progress from the Head Master of the school in which they have been pupils.

(5) The scholarships will be tenable for one year if for the Matriculation course and for two years if for the Intermediate or B.A. courses.

(6) The continuance of the scholarships will be subject to periodical reports of satisfactory progress and conduct being received from the Principal of the College.
